Dear Friends,

Warm Greetings from TEAM Onco surgery Master course **OI - 2018** Ahmedabad.

It gives us great pleasure to welcome you to the **4th** edition of **Onco surgery Master course - Oral Oncology**, scheduled to be held in Ahmedabad, Gujarat from 6th – 8th July, 2018.

As per public based cancer registry survey done in the year 2015, there are 4,02,641 cases of tobacco related cancers. This number is projected to rise to be 5,23,471 by the year 2020.

Currently, there are only 2050 qualified oral oncosurgeons across India (registered with FHNO & IASO) to treat these cancers. There is a tremendous need of oral oncologists to save precious lives being lost due to inadequate treatment.

OI - 2018 is planned keeping the above facts in view, so as to prepare **"A COMMANDO FORCE"** to combat the menace of oral cancer.

At **OI - 2018**, we have designed a comprehensive course for all of you to learn about prevention, basics and operating procedures to prevent & treat oral cancers.

We look forward to your active participation and thus join our mission to cancel the cancer.

See you soon in Ahmedabad.

Regards
TEAM OM 2018

What to Expect at

– Oral Oncology

-  Evidence based Didactic Lectures & Panel Discussion
-  Awards for Presenting Scientific Work as Posters & Papers
-  Scientific Quiz Competition
-  Masters' Surgical Videos

Learning from Masters

Oral Cancer:

- ▶ When to Resect ?
- ▶ How to Resect ?
- ▶ How Much to Resect ?
- ▶ When not to Resect ?

- ▶ **Innovations in Oral Cancer Surgery:**
From a thinking surgeon's perspective

Optimizing quality of outcome in recurrent, advance and inoperable scenarios
