Invitation

Dear esteemed colleague,

Please accept our Season's Greetings.

It gives us immense pleasure to welcome you at the 1st midterm conference of Indian Society of Oncology and the Bengal Cancer Summit 2018 (4th Annual Conference of the Oncological Society of Bengal) to be held at Kolkata on 3rd and 4th November 2018, at the Radisson Kolkata Ballygunge Hotel.

The theme of the conference being "Emerging concepts in Upper G-I tract, Lung and Breast cancers", the scientific programme shall be designed to concentrate on case based multidisciplinary panel discussions and debates on controversies and consensuses in the upcoming concepts in the management of these cancers, so that the practicing oncologists can apply this updated knowledge in their day to day clinical practice.

Renowned National, Regional and State level faculties will join the conference in large numbers and participate in various panels and debates to establish a practice guideline in the management of both early and advanced cancers of Stomach, Oesophagus, Lungs and Breasts. The budding oncologists and PGTs will have direct access to various faculty members and shall be benefitted by one to one interactions during those two days. Moreover, there will be competitive poster presentations, free papers and video sessions for the PGTs and juniors.

The city of Kolkata is well known for its culinary acumen and hospitality and we can assure you of sumptuous food and beverages during these two days. We shall also impress you by the extra scientific activities and traditional culture of the state at various levels.

The weather in Kolkata during November is pleasant and very much conducive for tourism and the delegates with family members can enjoy the natural beauty and rich cultural and historical heritage of Bengal.

An early confirmation would help us to organize the same in a befitting manner.

Thanking you.

Dr Siddhartha Basu
